

# NORTHWEST CENTRE

WELCOME TO THE 1987 MGCC

LACONNER TULIP & DAFFODIL TOUR/RALLYE

This tour will be from Exit 189th Restaurant to Exit 221(Conway).  
It's about a 30-minute drive.

The rallye will start at the Farmer's Market, which is on the West side of the exit. There is a Texaco station on the East side of the exit, however; check in at the Farmer's Market parking lot before getting gas, food or restroom stop. Reason: we want to check your trip odometer(if you have one). Set your trip odometer to zero at Exit 189th Restaurant. Be sure to note mileage to rallye master. You will then reset your trip odometer to zero when you set out on the rallye.

A few notes about the rallye:

1. The first 8-miles will be to check out your suspension.
2. The next 15-miles will be the most beautiful on the run. You will have a chance to see the Tulips and other flowers; Daffodils, Iris and Lilies. No questions will be asked during this time. You must make a combined stop time of 20-minutes anywhere along this route to view or take pictures. Be sure it is exactly 20-minutes. Be careful of slow moving cars and bicyclists.
3. If you happen to see many familiar sport cars along the rallye, it's because we have set several reverse direction routes. This should make the rallye FUN.
4. GOOD LUCK.....
