EBEY LANDING

The reserve was set aside by Congress in 1978 to preserve and protect a rural community—a cultural landscape—that is a laboratory of Pacific Northwest history. Today, historic land uses continue, with the rich prairie soils still being farmed, the forests being harvested, and century-old buildings being used as homes or places of business. Some of the important stories the reserve interprets to the public are those

of Isaac Ebey, a person significant in early territorial government and the first European-American settler to claim land on Central Whidbey island before Washington became a state; the story of settlement under the Donation Land Claim Act between 1850 and 1855; the explorations of Captain George Vancouver in 1792; and the development and growth of the historic town of Coupeville. The reserve is a non-traditional unit of the National Park system. It is the first unit of its kind in the system, with most of the land under private ownership. A unit of local government, the Trust Board of Ebey's Landing National Historical Reserve, is charged with management as called for in the legislation creating the Reserve. The Trust Board is a partnership of local, state and federal governments working collaboratively to ensure the historic and natural resources of the reserve are protected for future generations to enjoy and experience.

COUPEVILLE

This quiet waterfront farming community—the heart of Ebey's Landing National Historical Reserve on Whidbey Island—still reflects the character of a frontier seaport when Puget Sound was being settled. Beyond its historical significance, Coupeville and Whidbey Island offer a combination of geography, flora and fauna that lift spirits and fill the heart. Throughout Ebey's Reserve, from the Madrona Way shoreline of Penn Cove to the beach and bluff at Ebey's Landing, you'll share space with farmers and bald eagles, gray whales and bicyclists, sea otters and kayakers. The aquatic life of Penn Cove and Admiralty Inlet, as well as Ebey's Prairie, attracted native Americans to the area. Isaac Ebey and Captain Thomas Coupe were instrumental in European settlement of Central Whidbey. Today, town leadership draws from retired military, educators and businesspeople. Volunteers are the driving force behind activities as diverse as the Arts & Crafts Festival, Penn Cove Mussel Festival, Concerts on the Cove, Island County Historical Society, Ebey's Trust Board.

The rallye today is in memory of Herb Strasler, a longtime member of the MGCC NWC and the Mt. Baker Car Club. He was born June 7, 1932, in Flint, Michigan, and retired in 1974 after twenty five years as a Navy pilot. He and his wife Evelyn moved to Coupeville in 1981 where he served his community as a councilman. Herb and Evelyn were co-founders of the Mt. Baker MGCC in 1996. Herb loved the Tulip Rallye and often had the best score of the entire rallye. Herb believed in giving back to the community and that is what we are doing today in Herb's honor.

PENN COVE

Mussels are the pride of Penn Cove, along with history and beauty. Nineteenth century sea captains called the beautiful waters a "Garden of Eden," and the Historical District of Coupeville located on its shores stands out as one of Washington's oldest and most endearing towns. Cafes, antique shops and Victorian homes sit nestled along the waterfront, as they have for decades.

The Madrona trees lining the roadway have an almost human skin, red and peeling, but smooth and strong, with bright green crowns of evergreen leaves. They intertwine their twisting arms along the road, with cool blue Penn Cove glimmering behind. Today Penn Cove is known world-wide for its delectable mussels. The waters of the cove collect nutrients from the Skagit and Stillaguamish Rivers, which along with a good mix of sunny days provide an idyllic environment for the largest and oldest shellfish farm in the country.

Watch for the checkered flag and check in with one of the rally workers to record your time in on your form. Record your mileage as well. Make sure you've answered your questions the best you can. Please ensure the front of the form is filled out as completely

as possible so we know who you are. Done? Almost! Do you have a hard luck story to share pertaining to the rally? If you do circle this YES right here and write your tale of woe on the back of this form and you could win a prize for all your pain. Cool, huh?

Now, hand your form into one of the rally workers and find a place to park if you haven't already. Now take a rest, have a bite to eat, perhaps do some gaming in the casino while the scores are being tabulated.

We truly hope you had a good time. In this tough economy, it our pleasure to offer a pleasant motoring adventure for just a few lousy bucks. It may interest you to know that the Tulip Rally organizers have nobly decided to refuse any and all offers of federal bailout money to keep us going. We don't need no stimulus, just warm hugs. Help us spread the word about the rally and invite your friends and family next year. Thanks much and we'll see you on the next one!
