Welcome to **Lyman**. Continue on the L/H Hwy where the road will change to W. Main Street and then to E. Main Street and then back to Lyman Hamilton Hwy. Watch your speed through town.

Factoid: Lyman, Washington

Lyman's first postmaster, B.L. Lyman, named the town for himself (no ego here). Lyman was officially incorporated on May 8, 1909. As of the 2010 census, there were 438 people residing in the town.

Welcome to **Hamilton**. As you pass thru the "city center", the road will change to 1st Avenue which then turns into Maple Street.

Factoid: Hamilton, Washington

Hamilton was first settled in 1872 by William Hamilton, and was later named for him when Hamilton was officially incorporated on March 19, 1891. As of the 2010 census, there were 301 people residing in the town.

_____ 24) No basketball in this building.

_____ 25) Hamilton Zip Code?

⇐ **TURN LEFT** onto Cumberland Street.

⇒ **TURN RIGHT** at the "T" onto the Lyman Hamilton Hwy. Stay on L/H Hwy as it nears the approach to Highway 20 where it will change to Cape Horn Road. Continue on Cape Horn Road.

_____ 26) Where can I find "Camelot on the Skagit" (house number)

Factoid: The **Bald Eagle** (*Haliaeetus leucocephalus*, *hali* = salt, *aetus* = eagle, *leuco* = white, *cephalis* = head) is a bird of prey found in North America. A sea eagle, it has two known subspecies and forms a species pair with the White-tailed Eagle (*Haliaeetus albicilla*). Its range includes most of Canada and Alaska, all of the contiguous United States, and northern Mexico. It is found near large bodies of open water with an abundant food supply and old-growth trees for nesting.

The Bald Eagle is an opportunistic feeder which subsists mainly on fish, which it swoops down and snatches from the water with its talons. It builds the largest nest of any North American bird and the largest tree nests ever recorded for any animal species. Sexual maturity is attained at the age of four to five years.

Bald Eagles are not actually bald; the name is derived from an older meaning of "white headed". The adult is mainly brown with a white head and tail. The sexes are identical in plumage, but females are larger than males. The beak is large and hooked. The plumage of the immature is brown.

⇒ **TURN RIGHT** into Rasar State Park. Time for a Pit Stop and a leg stretch.

Stay to the right, no need to stop. We have restroom privileges.

⇒ **TURN RIGHT** at the stop sign.

↑ **GO STRAIGHT** at the next stop sign into the day use area.

Restrooms on the right.

Rasar State Park is a 169-acre camping park with 4,000 feet of freshwater shoreline on the Skagit River. Wildlife observation opportunities, especially for eagle watching, are excellent, particularly in early fall and early winter.

_____ 27) How many varieties of Pacific "Salmon" species spawn in the Skagit River?

_____ 28) What period of the day do Eagles usually feed?

_____ 29) What unusual apparatus is used for 'Pet Parking'?

As you leave the day use area, ↑ **GO STRAIGHT** at the stop sign.

At the next stop sign, stay to the right.

Wave and smile at the ranger as you go by. He's a nice man.

⇒ **TURN RIGHT** at the Park entrance onto Cape Horn Road.

Factoid: The **Skagit River** flows through southwestern British Columbia and Northwestern Washington State. It is approximately 150 mi (240 km) long. The river and its tributaries drain an area of 1.7 million acres (6900 km²) of the Cascade Range along the northern end of Puget Sound.

The Skagit watershed is characterized by a temperate, mid-latitude, maritime climate. Temperatures range widely throughout the watershed. Recorded temperatures at Newhalem range from a low of -6 °F (-21 °C) to a high of 109 °F (43 °C), with greater extremes likely in the mountains. The highest temperatures are commonly recorded in July; the lowest are in January.

_____ 30) How many Grange Halls came before this one in Birdsvew?

Continue on Cape Horn Rd. around to the left and then angle off to the right where it changes to NE Cape Horn Road.

_____ 31) How would you know a logger lives here?

⇐ **TURN LEFT** at stop sign onto Highway 20.

⇒ **TURN RIGHT** onto Russell Road.

Follow road around to the right. This becomes Challenger Road. Stay on Challenger Road for Approx. 5.0 miles

CAUTION! Challenger Road didn't get its name for nothin'. The road narrows as you go up and over the hill. Don't be tempted to bail out to Hwy 20. Stay on Challenger Road and be careful, because it narrows down even more. **Watch for oncoming traffic!!!**

_____ 32) Stomp your own grapes here.

⇐ **TURN LEFT** at stop sign onto Highway 20.

_____ 33) (T or F) "The Valley's Buzz" is a gossip paper for local busy-bodies?

_____ 34) This garden has really gone to the birds.

Welcome to **Concrete, Washington.**

Factoid: The town of Concrete has undergone several incarnations, the earliest being a settlement at the northwestern junction of the Baker and Skagit Rivers, known as "Minnehaha". Amasa "Peg-Leg" Everett was one of the earliest settlers and in 1890, the townsite was platted by another settler, Magnus Miller. Shortly thereafter, a post office was established and the town name changed to "Baker". In 1905, a settlement across the Baker River came into being due to the building of the Washington Portland Cement Company and was named "Cement City". After the Superior Portland Cement Company plant was built in Baker in 1908, it was decided to merge the two towns. Inhabitants of the new community settled on the name "Concrete" and the town was so christened and officially incorporated on May 8, 1909.

There are restrooms on the left just past town at the Concrete Veterans Memorial Park. Feel free to wander around town if you like. While you're at it, try to find the answers to these questions.

_____ 35) When was the Town of Concrete established?

_____ 36) What is "large enough to serve you, small enough to care"?

_____ 37) City of Concrete, AKA?

When it's time to leave the beautiful town of Concrete, head east on Main Street to the stop sign in front of the Fire and Police Department building.

⇐ **TURN LEFT** at the stop sign onto N. Dillard Avenue. This will change to E. Main Street. Follow it around to the right and over the **Henry Thompson Bridge.**

Factoid: Henry Thompson Bridge.

Built in 1916-1918 and so named for the Scottish immigrant, local settler, and Skagit County Commissioner who promoted its construction. At the time, its graceful arch was the longest

single-span cement bridge in the world and has been listed on the Washington State and National Historic Register since 1976. Until 1972, when the Washington State Department of Transportation re-routed Highway 20 (then known as Star Route 20) outside the town, the Thompson Bridge was the only connecting thoroughfare across the Baker River and into eastern Skagit County.

⇒ **TURN RIGHT** onto N. Everett Avenue.

⇒ **TURN RIGHT** at stop sign (onto Highway 20 Westbound).

Look to your right to get a good view of the **Henry Thompson Bridge**.

⇒ **TURN RIGHT** onto N. Superior Avenue.

⇐ **TURN LEFT** at the light onto the **THIRD** Cascade Mall Blvd. Banner Bank and Red Robin are on the corners. Look familiar?

↑ **GO STRAIGHT** at stop sign.

Move into the right lane and follow the road around to the left. You're almost there. You can probably see the Tulip Rallye flag-person from here. Your final destination is in the Sears parking lot. Look for the checkered flags.

Hurrah! You're done!

Please record your "End Mileage". The rallye staff person will give you an "End Time". Write down your "End Time" on the first page of this form and turn it in to the rallye staff person. Do you have a hard luck story concerning this rallye? Please indicate **YES** or **NO** on the front page. If yes, write down your tale of woe on the back of this form before turning it into the rallye staff person for scoring. You could win a prize!

We truly hope you enjoyed yourselves today. As you know, we don't take ourselves too seriously and the objective here is to have a good time and enjoy the drive. Some of the questions for this rallye were found scrawled on a piece of buckskin, rolled up and stuffed in an old whiskey bottle that had been drifting on the current in the Skagit River since the last big rain storm. We were desperate so we thought we'd use 'em in the rallye anyway. So, once again, we can't be held accountable for anything.

Thanks again and we hope to see you next year!
Have a safe trip home!
